# 4. ADVANCED FUNCTIONALITY

22. **/template button** – Adds a button that duplicates blocks or templates. Perfect for recurring tasks or journal entries.

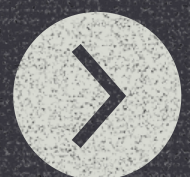

23. **/breadcrumb** – Shows your location within the workspace. Adds helpful context for nested pages.

24. **/table of contents** – Automatically generates anchor links to all headers on a page. Useful for long-form docs.

25. **/link to page** – Insert a shortcut to another Notion page—keeps your workspace connected.

26. **/date** – Quickly insert a date with formatting. Ideal for logs or timelines.
