# 3. FRAME MAKER

Professional-looking frames to make your images stand out without any extra effort.

↳ **Showcase product shots** → Give e-commerce listings and brand visuals a more polished, premium look.

↳ **Enhance profile pictures** → Whether it's for a website, presentation, or social media, framed images look intentional and well-designed.

↳ **Improve storytelling** → Use frames to highlight key visuals in marketing materials, case studies, and branding projects.

# 4. IKONIK

**HUGE library of high-quality, professional icons that actually work together.**

↳ **Instantly find the perfect icon** → No more scouring the internet for something that kinda fits.

↳ **Maintain a cohesive look** → Consistent styles mean your design looks polished, not like a mix of random elements.

↳ **Save time** → Instead of resizing, recoloring, and editing icons, just drop them into your design and move on.

# 5. MOCKUPS

Mockups help you showcase your work in a realistic, professional way, so it doesn't just sit flat on the page.

↳ Present your work in a polished way → Show your designs on a phone, laptop, business card, or even a T-shirt.

↳ Make portfolios and proposals pop → Instead of just saying "Look what I designed," show it in action.

↳ Create high-impact marketing materials → Make digital products look tangible, adding credibility to your brand.
